

Welcome to

Small \LaTeX presentation

Henrik Kramselund he/him han/ham hlk@zencurity.com @kramse

Slides are available as PDF, kramse@Github 
small.tex in the repo security-courses

First slide

Step 1: install T_EXLive <https://www.tug.org/texlive/>

or other L^AT_EX, and Latexmk <https://mg.readthedocs.io/latexmk.html>

Step 2: git clone <https://github.com/kramse/security-courses>

Step 3: Make sure TEXINPUTS can find the texfiles, add to .bashrc or .profile:

```
export TEXINPUTS=/home/user/projects/security-courses//:
```

Step 4: Update your ~/.latexmkrc

Finally Go to security-courses/texfiles and run latexmk small.tex

another option is to use <https://www.overleaf.com/>

The easy to use, online, collaborative L^AT_EX editor

You can do PDF presentations now, congratulations
